2025 Chevrolet Corvette ZR1 Teased, Confirmed for Summer 2024

Chevrolet has confirmed that the high-performance variant will debut this summer. The last Corvette ZR1 to feature in Chevrolet's lineup goes back to 2019.

The ZR1 is expected to be fitted with a steroidal version of the engine powering the C8 Corvette Z06, a 5.5L V8, with output possibly climbing above 800 hp, likely via the use of two turbochargers.

EXPLORE — Rallye —

According to the NCCC 2024-2025 Rulebook, a Rallye is similar to written directions one gives a friend for getting to a new house in the suburbs. Perhaps it seems like a challenge. It is more than a test of one's ability to follow directions - more than intense observation. It includes an aptness for doing seventeen things at once - including the adherence to a timetable speed of, let us say, 28.8 miles an hour. It is enjoyable and rallies can produce a piece of silverware to place on the bookshelf and then keep polished.

There are 3 types of Rallyes:

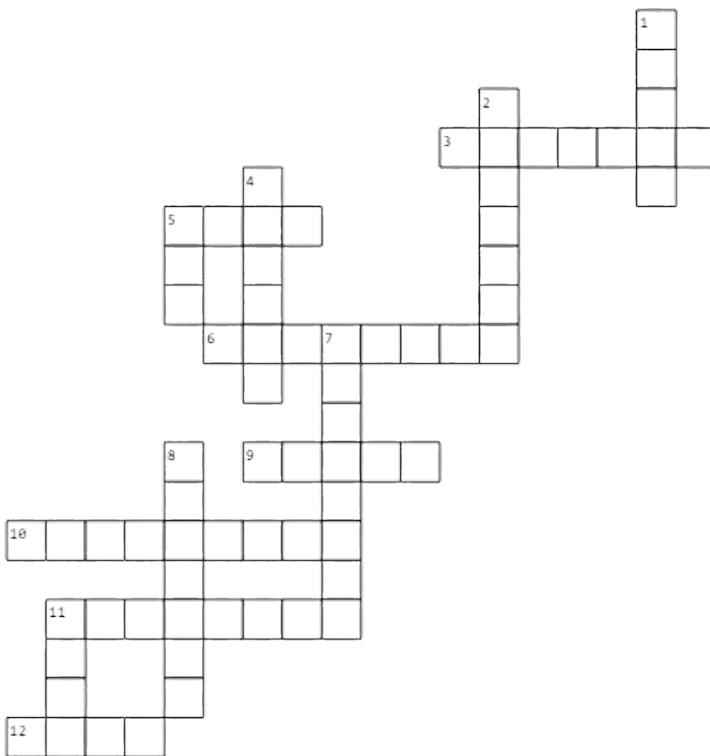

1. Time-Speed-Distance Rallye
2. Gimmick Rallye
3. Chance Rallye

If you are at least 9 years old, give a Rallye a try!
